Mr. Newman

Thank you for responding. They informed me today that the problem with my computer was fixed, but I had already sent out a duplicate message to you. I do not have the images of my coppers printed out. I could put them on a CD and send that to you. You would still be able to view them on your computer. If that will work, let me know.

Is your museum open? I look forward to visiting it when it is opened.

Take Care

Dear Mr. Burelson:

Thank you for letter today. I am glad your computer is fixed.

I do not live near Alton but in Clayton very close to Washington University.

Instead of sending images of your important counterfeit halfpence by Email I suggest you send images by regular mail so I can study them a bit and then have them for my file. My address is

6450 Cecil Ave. St. Louis MO 63105.

Dear Dave: My museum is not to open until late 2006.
 Perhaps instead of a CD you can have a set on images printed from your computer.
 Eric Glad your computer is fixed.
